

The Government has announced (<https://www.parliament.uk/business/publications/written-questions-answers-statements/written-statement/Commons/2020-03-23/HCWS176/>) that it will not publish any school or college level educational performance data based on tests, assessments or exams for 2020. This update published here (<https://www.gov.uk/government/publications/coronavirus-covid-19-school-and-college-performance-measures>) clarifies what this means for the way school and college accountability will operate for 2019/20.

Absence and exclusions

Absence

This data includes all absences reported during the 2017 / 2018 academic year (autumn term 2017, spring term 2018 and summer term 2018).

For schools which opened or closed part way through this period, their absence information will be based on a shorter period.

Glossary

Prior attainment of disadvantaged pupils - 3 year trends

Changes to eligibility criteria for Free School Meals (FSM) under Universal Credit has implications for schools' disadvantaged pupil data (for further information see the [government response](#)

to

[eligibility for free school meals and the early years pupil premium under Universal Credit consultation](#)

). Schools' disadvantaged cohorts vary year on year and it is important to consider prior attainment when comparing performance. Where a school's disadvantaged cohort's attainment has increased or decreased significantly between years, this may partly be explained by changes in the size and make-up of the cohort. Furthermore, please treat disadvantaged pupil data with caution when comparing school performance nationally, until Universal Credit roll-out is completed.

Male

The national comparator used in this row is the national average for all male pupils.

Female

The national comparator used in this row is the national average for all female pupils.

Disadvantaged

Pupils may be defined as disadvantaged if:

- they are known to have been eligible for free school meals in the past 6 years, or
- they are recorded as having been looked after for at least one day, or
- they are recorded as having been adopted from care

The national comparator used in this row is the national average for all non-disadvantaged children.

Other

Non-disadvantaged children.

The national comparator used in this row is the national average for all non-disadvantaged children.

Ever 6 FSM

Pupils known to have been eligible for free school meals in any of the previous 6 academic years, as well as those first known to be eligible in January of the year this data covers.

The national comparator used in this row is the national average for children who are not eligible for free school meals. Exceptions to this include the school level absence and basic characteristics reports, where the national comparator is the national average for children who are eligible for free school meals.

Non-Ever 6 FSM

Pupils who were not eligible for free school meals in any of the previous 6 academic years.

Children looked after

This means children looked after by local authority for at least 1 day during the year and aged 4-15 as at 31 August. It excludes children looked after under an agreed series of short placements and also those who were on remand/committed for trial or sentence and accommodated by the local authority.

Small CLA cohorts in most schools mean you should treat this data with caution, in particular when comparing against national benchmarks. Also, note that ASP uses a different definition for the CLA national average compared to other DfE statistical publications covering attainment of looked after children. <https://www.gov.uk/government/statistics/outcomes-for-children-looked-after-by-las-31-march-2018>

The national comparator used in this row is the national average for pupils in state-funded schools who have not been looked after for 1 day for the year in question. Note that 'not looked after children' in this case will include pupils who may have been looked after previously but were not looked after for at least 1 day in the year in question as well have pupils who have never been looked after.

SEN with statement or EHC plan

This refers to pupils with Special Educational Needs (SEN) who have learning difficulties or disabilities that make it harder for them to learn than most children of the same age. There's a formal assessment to decide if a pupil needs a statement of SEN or an education, health and care (EHC) plan.

The school's performance for pupils with SEN with statement or EHC plan is compared with the national average for all pupils. Exceptions to this include the school level absence and basic characteristics reports, where the national comparator is the national average for children with a statement or EHC plan.

SEN support

This is when the school gives children extra or different help from its usual curriculum. Outside specialists may advise or support the class teacher and SEN coordinator.

The national comparator used in this row is the national average for all pupils.

No SEN

Pupils with no Special Educational Needs.

The national comparator used in this row is the national average for all pupils with no SEN.

English first language

This refers to children who were initially exposed to English during early development and continue to be exposed to English in the home or in the community.

The national comparator used in this row is the national average for all pupils.

English additional language

This refers to children who were initially exposed to a non-English language during early development and continue to be exposed to this language in the home or in the community.

The national comparator used in this row is the national average for all pupils.

Unclassified

This refers to pupils where the census return showed them as unclassified for English as a first language.

The national comparator used in this row is the national average for all pupils.

SEN unit or resourced provision

SEN units are special provisions within a mainstream school where the children are taught mainly in separate classes. These units:

- receive extra funding from the local authority
- cater for a specific type or types of SEN (for example, autistic spectrum disorders)
- are usually for pupils with statements or those with EHC plans (but could include pupils with SEN but without a statement or plan)

Resourced provision is where places are reserved at a mainstream school for pupils with a specific type of SEN, taught mainly within mainstream classes, but requiring some specialist facilities. Resourced provision:

- receives extra funding from the local authority
- caters for a specific type or types of SEN (for example, specific learning difficulties)
- is usually for pupils with statements or those with EHC plans (but could include pupils with SEN but without a statement or plan)

National average

The data used for the national comparator is all state-funded schools in England.

National average (for tables with equivalent data on CSCP)

The data used for the national comparator is all state-funded schools in England.

This is different to the national comparator for this measure on the Compare school and college performance service (CSCP) which is all schools in England. The CSCP comparator also includes independent schools, non-maintained special schools, hospital schools, pupil referral units and alternative provision facilities.

Local authority average

The data used for this comparator is all state-funded schools in this school's local authority.

Like-for-like national average (disadvantaged landing page)

The comparator for this row is the national average for disadvantaged pupils. This is different from the default DfE national comparator, which is the national average for non-disadvantaged (and for Ever 6 FSM and CLA it is non-Ever 6 FSM and non-CLA) pupils.

National average for disadvantaged pupils (like-for-like disadvantaged landing page)

The comparator for this row is the national average for disadvantaged children. This is different from the default DfE national comparator, which is the national average for non-disadvantaged children.

Like-for-like national average (pupil group reports)

The comparators for disadvantaged pupils, Ever 6 FSM and CLA pupils are the national averages for disadvantaged pupils, Ever 6 FSM and CLA pupils.

This is different from the default DfE national comparator, which is the national average for non-disadvantaged, non-Ever 6 FSM and non-CLA.

The comparator for other pupils remains as non-disadvantaged pupils nationally.

Disadvantaged (like-for-like pupil group reports)

Pupils may be defined as disadvantaged if:

- they are known to have been eligible for free school meals in the past 6 years, or
- they are recorded as having been looked after for at least one day, or
- they are recorded as having been adopted from care

The comparator for this row is the national average for disadvantaged pupils. This is different to the default DfE national comparator.

Ever 6 FSM (like-for-like pupil group reports)

Pupils known to have been eligible for free school meals in any of the previous 6 academic years, as well as those first known to be eligible in January of the year this data covers.

The comparator for this row is the national average for Ever 6 FSM pupils. This is different to the default DfE national comparator.

Children looked after (like-for-like pupil group reports)

This means children looked after by local authority for at least 1 day during the year and aged 4-15 as at 31 August. It excludes children looked after under an agreed series of short placements and also those who were on remand/committed for trial or sentence and accommodated by the local authority.

Small CLA cohorts in most schools mean you should treat this data with caution, in particular when comparing against national benchmarks. Also, note that ASP uses a different definition for the CLA national average compared to other DfE statistical publications covering attainment of looked after children. <https://www.gov.uk/government/statistics/outcomes-for-children-looked-after-by-las-31-march-2018>

The national comparator used in this row is the national average for pupils in state-funded schools who have been looked after for at least 1 day for the year in question. This is different to the default DfE national comparator.

Other (like-for-like pupil group reports)

Non-disadvantaged children.

In this like-for-like view of the data, the national comparator used in this row remains the national average for non-disadvantaged children.
